

NAPARIMA COLLEGE

GRADUATION & PRIZE GIVING FUNCTION 2022

“128 Years As A Beacon of Hope”

Tuesday 5th July, 2022

&

Wednesday 6th July, 2022

at 9:00 a.m.

at Naparima College Auditorium

MISSION STATEMENT

Recognizing the Values of the founding fathers, Naparima College seeks to provide holistic education in a spiritually enriched and caring environment, which fosters in students a love of life-long learning that promotes traditions of excellence and opportunities for self-actualization and social responsibility.

College Hymn

Our Alma Mater dear,
The school we all revere,
Make us worthy;
Help us ever to be
All that we ought to be,
And always proud of thee
Naparima.

To thee the best we owe
With which we may endow,
Our island home;
No matter where we roam,
If near or far from home,
Let us be always one,
Naparima.

GRADUATION SPEECH

Rt. Rev. Joy Abdul Mohan, Moderator of the Presbyterian Church, Mr. Roger Ali Principal (Ag.), Mr. Rodney Pardasie Vice Principal (Ag.), members of staff, parents, and graduates, a pleasant, good day to you. It is indeed an honor on this momentous occasion that I, Ryaad Hosein, President of NAPSAC, bring you greetings.

My congratulations to the graduating class for your excellent results in the CSEC 2021 and CAPE 2021 examinations. Upon entering Naparima College a few years ago, a golden opportunity in this holistic environment presented itself to explore your multi-intelligences. As a precursor in pursuit of your goals, you emulated these words of Henry Wadsworth Longfellow. "The heights by great men reached and kept were not attained by sudden flight, but they, while their companions slept, were toiling upward in the night." Your splendid effort realized 8 scholarships, among them was Niall Hosein winner of the President's Medal. You deserve to be proud of your achievements. Parents for never shirking your responsibilities and standing by your sons, congratulations to you. And compliments to all teachers for your devotion to duty and igniting the lamp of knowledge for your students to obliterate the darkness of ignorance.

Graduates always honor your parents, be honest, humble, charitable, respectful, and kind to all things great and small, for dear God made and loveth all. Be safe, good luck in your future endeavors. Long Live our Motto "A Posse Ad Esse", Long Live Naparima College and may Almighty God bless us all. Thank you!!

Ryaad Hosein

President N.A.P.S.A.C.

GRADUATION SPEECH

"I encourage you to live with life. Be courageous, adventurous. Give us a tomorrow, more than we deserve." Maya Angelo

I greet you in the wonderful name of our Lord and Saviour Jesus Christ. On behalf of the Presbyterian Secondary Schools Board of Education (PSSBoE) I bring you greetings and best wishes on your graduation from Naparima College. For decades, Naparima College has consistently provided quality holistic education to the young active minds of children in Trinidad & Tobago. Here at Naparima College I know that the Principal ensures that an ethos of moral and spiritual values is instilled into the minds and souls of the young men that walk its corridors, much like you would have experienced during your time here. Speaking on behalf of the PSSBoE, I am proud of the amazing commitment displayed by the Principal, teachers and students of Naparima College during these unprecedented times. I am sure that you have all heard these words countless times over the last two years, whereby you had to become normalized into a word that correlates directly with COVID-19. However, you are here today, and you have overcome this unprecedented event. The past two years have been a bit of a roller coaster ride; from month-long quarantines to distance learning, masked classes to countless pending Google Classroom assignments, starting face to face classes and then stopping them again and numerous other things. All of your learning has been unprecedented, never seen before in the history of education, however you have all managed to overcome these unprecedented times and I congratulate you students.

I would also like to thank the parents for your unwavering support and cooperation with the teachers and school administration amidst the many changes and uncertainties of the past two years. Naparima College has made considerable efforts to mold the minds of these young men to think logically and critically and become nation builders as well as caring human beings.

The Presbyterian Secondary Schools Board of Education is so grateful for the rich history and legacy that the Presbyterian Church has embedded into the hearts and minds of these students and I pray that God will continue to shower His blessings upon the Naparima College family. I leave you with a quote from the Prime Minister of Canada the Honourable Justin Trudeau speaking to a graduating class in Canada, whereby he states.

"We are not going to arrive at mutual respect, which is where we solve common problems, if we cocoon ourselves in an ideological, social, or intellectual bubble ... To move forward ... we have to do it together. Humanity has to fight our tribal mindset ... If you want to bring people around to your way of thinking, you need to first show them that you are open to theirs."

Thank you and God bless you.

Ashford Tamby

Chairman, Presbyterian Secondary Schools Board of Education.

GRADUATION SPEECH

A pleasant good morning to everyone. It is indeed my pleasure to congratulate you, the graduating classes of Naparima College and to extend best wishes to you on behalf of the Ministry of Education as you move on into the new phases of your journey. Certainly, it has been a unique time for all of you, as you had to maneuver not only the challenges related to your studies, but also that of COVID 19 and all of its effects upon us as a society. You have, however, shown resilience, courage and strength of character as many times you were asked to work independently, and to be critical thinkers in your approach to your studies and you rose to the challenge with a mature disposition and were able to succeed. Today is a celebration of these successes and you should be proud of your achievements as you transition into the next chapter of your lives.

I must also commend the Administration and staff of this noble institution. Your leadership, dedication and commitment to your students and to the high standards of performance that you set for yourselves, your students and your school cannot go unnoticed. Many of you went beyond the call of duty to ensure that your students were well prepared for their examinations and provided the guidance and support that they needed, not only academically but also morally and spiritually. The Ministry of Education commends you for all that you have done and continue to do to ensure that you meet the needs of the students in your care.

I must also congratulate the parents of these young men of whom so much was expected as we traversed the pandemic and continue to do so. You are the foundation upon which your children built their goals, dreams and aspirations. They will continue to succeed because you provide the support that they need and no amount of thanks can ever give credit for what you do. Today, you are celebrating with them the fruits of your labour as well, so, congratulations and well done to you. I urge you to continue to be that support for your children, for that is what they will always be to you. Continue to listen to them, guide and support them in their goals so that they can grow and prosper and become worthy citizens of our country and our global community.

To our young graduands, this school has been your second home for many years and through it, you have shared unforgettable moments and created cherished memories. Know that it will always be a part of you, so continue to lift its reputation in all that you do. Now, as continue in your journey towards greater successes I encourage you to be strong, be persistent and never ever stop dreaming to always be better at what you do. Know that persistence, will power and determination are all needed to challenge yourself to attain your goals. Most importantly, be honest and true to yourself and in all that you do, keep integrity close to your heart.

On behalf of the Victoria Education District and by extension, the Ministry of Education I wish you all the very best in all that you do and God's blessings upon each and every one of you.

Thank You.

Mrs. Jasmin Ramoutar
School Supervisor III

GRADUATION SPEECH

Dear Student,

The Naparima College Association of Past Students extends heartfelt congratulations to you all on reaching this monumental stage of your educational life.

It was not easy. It wasn't meant to be, though. You did the impossible, ensuring your all-round education through a pandemic, where unfortunately lives were lost, and many became sick. However, you used our innovation and the resources at our disposal to show that we can rise regardless. This journey tested your mettle to the core, and you all came out victorious. That's the difference between boys and men. This is what makes you a true Napsman.

We ask that you take your newfound knowledge and understanding and apply it to the next phase in your life. Education is not only about what is learnt in the classroom, but the intangibles which you were exposed to on the Hill. From caring for your fellow brothers, the camaraderie and bonds made. Academia, co- and extra-curricular activities comprise your holistic education.

The Association asks that as you progress along your journey of excellence, you don't forget the College. Don't forget to lend a helping hand to the same Institution which helped to mould you. Never forget to help the less fortunate within your community.

This is your time! Bask in your excellence but keep your focus on your next set of goals and objectives. The Association is proud of you and awaiting your future contributions to society and to Naparima College.

Best Regards,

Mr. Joel Simmons

President (2021-2023)

Naparima College Association of Past Students
